

# *Festive*

Showing food at its best

Festivé specialises in the design and manufacture of high performance food display cabinets. With an elegant look, minimalist framing and uncluttered interiors the cabinets maximise the viewability of displayed food; maximise display space; and enhance the presentation of food. With over 140 standard products Festivé offers the most extensive range of food display cabinets on the market.

---

### **Quality**

Festivé's highly skilled staff ensure that all cabinets are finished to the highest standard. The Company utilises high end European and Japanese componentry that ensures reliability and durability. All cabinets are rigorously tested and subjected to robust quality control.

---

### **Regulatory**

Festivé cabinets meet all Australian and New Zealand electromagnetic emissions standards (C-tick) and are registered under Minimum Energy Performance Standards (MEPS) for energy efficiency. The majority of Festivé chilled cabinets are designated Hi Energy Efficiency under MEPS, indicating low power utilisation.

---

### **Customisation**

Festivé's CAD design team offers the design and manufacture of custom cabinet solutions. Cabinet dimensions, cabinet colour, glass effects, doors, shelving and lighting, and cabinet accessories; can all be customised.

---

### **Joinery**

Festivé offers joinery options such as bench-top cabinetry and mobile buffet units that integrate with its cabinets, providing a one-stop solution.

---

### **Service**

Festivé understands the 24/7 needs of the food service industry. With the cabinets manufactured in New Zealand the Company can provide outstanding support and service to its many customers, backed up by a comprehensive network of sales agents, skilled trades people, and a commitment to prompt delivery of spare parts.

---

### **Warranty**

Festivé stands behind its products with a two (2) year warranty. Terms and conditions apply.

# TOWER

1730mm height

**SlimLED** under-shelf LED strip lighting

**GlassMax** canopy with **Mitrex** frame

Height adjustable and 'tiltable' shelving:  
6 display levels  
(7 in heated cabinet)

Flush finished base

Swivel and lockable castors

TC12

## TOWER: CHILLED

Standing at over 1.7 meters tall the Tower is a magnificent cabinet designed for maximum visual impact and floor space utilisation. Great for displaying both food and beverages.

**4°C operating temperature**

### STANDARD FEATURES

- › **GlassMax** minimalist canopy (more glass/less frame) that maximises the visibility of displayed food from all angles
- › **Mitrex** frame that is flush welded with mitred joints to give both robustness and a designer finish
- › Six food display levels: five shelves plus bottom trays; offering more extensive display area than comparable cabinets
- › Chrome wire shelving system that is height adjustable in 25mm increments and interchangeable between horizontal and tilted positions
- › **CrumbCatch** feature in bottom trays that collects falling crumbs and food
- › High quality European refrigeration components
- › Designed to operate at 3 - 5°C in room environments up to 32°C
- › Fan forced air flow for even temperature distribution
- › **ClearView** front glass for condensation control
- › Refrigeration optimised to provide a high humidity environment that maintains food quality for longer
- › **DuraCoat** protective coating on the refrigeration coil to prevent food acid corrosion
- › **SureVap** self-evaporating system for condensate—no drain required
- › Condenser air vented through base—no unsightly vents
- › **SlimLED** under-shelf LED strip lighting with 12V safety
- › Four split-level, rear sliding, double-glazed doors on friction-free, low wear tracks (doors removable for cleaning)
- › Mounted on swivel and lockable castors allowing easy movement of cabinet

# FACTORY OPTIONS

**SlimLED** under-shelf LED strip lighting

**Frameless** canopy option: double-glazed glass canopy

Glass shelving option

Black powder-coat base option

## DOORS

### 1. Front Sliding Doors

Front sliding doors of the same design as Festivé rear doors are an option for any Tower, York, Regent, Devon or Cornwall cabinet.

*DC12 (front doors)*

*CA9 (front doors)*

### 2. Hinged Doors

Hinged doors can be fitted to most cabinets and are offered as a stylish alternative to sliding doors.

*RC6 (hinged rear door)*

---

## COLOUR POWDER-COATING

Cabinet exterior metal-work can be colour powder coated to a colour of choice. The standard range of powder-coat colours can be viewed at [www.festive.co.nz/info](http://www.festive.co.nz/info)

---

### 1. Part Powder-Coat

This option allows selective powder-coating of just the frame in Tower, York, and Regent cabinets; or just the lid and posts in Devon, Cornwall and Lincoln cabinets. Suitable for when the base of a cabinet is pushed up against joinery.

*YC12 with frame powdercoat only*

---

### 2. Full Powder-Coat

This option gives a full powder-coat to all the exterior metal, including the posts or frame

*YC12 full powdercoat*

## DEVON GLASS TOP CONVERSION

The stainless steel lid of a Devon cabinet can be converted to a glass top. This is a good option where Devon cabinets are placed on low counters or plinths.

*DCC9 with Glass Top*

## EXTENDED CANOPY FOR EXTERIOR CLADDING

The glass canopy of a cabinet can be extended forward up to 100mm to allow an exterior cladding such as tiles or wooden panelling to be fitted to the base, flush with the canopy.

*RC12 with wood panelling*

*RC12 with tiles*

### FRAMELESS CHILLED: DOUBLE-GLAZED GLASS

Frameless cabinets provide a stylish glass on glass look for high-end food display. Frameless refrigerated cabinets with multi-level display require black edge banding of the glass to obscure the double-glazing detail. Available with any Tower, York, Regent or Devon cabinet.

Frameless YC12

Frameless RC15

### COPPER, BRASS OR BRONZE FRAMING

This option allows edge framing of the canopy with copper, brass or bronze angle for Tower, York, Baker, Regent and Devon Cabinets.

YC12 with copper framing and full black powdercoat

---

### **FRAMELESS AMBIENT BOX ON TOP (SINGLE-GLAZED GLASS)**

Ambient boxes with doors and LED lighting can be built atop York or Regent cabinets. To achieve an immaculate and seamless finish the glass edges are bonded using a special UV adhesive process.

*RC12 with ambient box*

---

### **BOIL-OFF UNIT FOR SOMERSET CHILLED AIR CURTAIN**

This is suitable where defrost drainage to waste or into a bucket is not possible. It is particularly useful for mobile servery units.

*Boil-off unit*

---

## CUSTOMISED DIMENSIONS

A cabinet can be customised to the specific height, length or depth dimension required. Increasing or decreasing the height of a cabinet is straightforward. Making changes to cabinet length or depth is also possible.

---

## TEMPERATURE AND HUMIDITY SETTINGS

### 1. Controlled Ambient

A refrigerated cabinet can be configured and set to 'controlled ambient' conditions of 10-14°C or any temperature required.

### 2. Low Humidity

A refrigerated cabinet can be configured to deliver a low relative humidity environment for special applications, such as chocolate display

---

## SHELVING

### 1. Glass Shelves

Suited for cake and patisserie style displays

### 2. Stainless Steel Perforated Shelves

Suited for drinks and heavy load displays

---

## FIXED TICKETING STRIP

Fixed to the front of the shelf this option allows ticketing of displayed product.

## CONDENSATION CONTROL

### 1. ClearView Glass

**ClearView** film and Argon gas enhance the insulation value of the double-glazed glass to reduce cold transfer and minimise condensation formation. Suitable for condensation control in higher humidity environments.

### 2. Electrically Heated Glass

Using special conductive film the outside pane of double-glazed glass is electrically heated. This is suitable for high humidity environments where 100% condensation prevention is required.

## REMOTE REFRIGERATION

### 1. Remote Counter top Cabinets with Capillary (no Tx valve)

Based on capillary metering, this is an option for counter top cabinets where the connection distance is less than 2 meters.

### 2. Remote Cabinets with Tx valve

This is required for all remote installations where the connection distance is greater than 2 meters.

---

## MIRROR GLASS

Mirror glass can be specified on the doors, side panels or rear panel (with front sliding doors).

---

## TRAY RACES OR PREP BENCHES

Detachable front and/or rear tray races and prep benches can be attached to any counter top or floorstanding cabinet. Can be specified with or without bag and/or tong holders.

---

## MEAT HANGING RAILS

Single or triple bar meat hanging rails can be fitted to any framed cabinet.

# JOINERY

To compliment the range of food display cabinetry Festivé offers a full range of joinery options to provide a complete fit-out solution.

## SERVERY

A stylish range of mobile joinery units designed to compliment the Somerset servery displays. Specified with high pressure laminate top, melamine side panels, and doors to one side. Also fitted with ventilation grills if required and mounted on lockable castors for ease of movement. A full range of standard colour choices are available, including woodgrain finishes.

*Servery Joinery*

*Servery Joinery  
with SC15 fitted*

## MODULAR

A range of purpose designed joinery units to compliment Festivé counter top display cabinets. The range includes POS counters and corner units.

Each unit is pre-assembled and includes adjustable feet in the base for leveling. Units are open at the rear and include adjustable shelving. All ventilation requirements for Chilled displays have been built into the design. The two choices of design include the Flat Top style, where the base of the display cabinet is visible; or the Upstand style where the base is hidden. A full range of standard colours are available, including woodgrain finishes.

*Modular Upstand Unit*

*Modular Upstand unit with cabinets in place*

*Modular Flat Top unit*

*Modular Flat Top unit with cabinet in place*

# ACCESSORIES

---

## THERMAL SPACER

These 30mm wide stainless steel spacers are energy saving by minimising thermal transfer between hot and cold units

## CLIP-ON TICKETING STRIPS

These removable ticketing strips are 90mm long and come in packs of 10.

## TONG HOLDER

Internal Diameter: 100mm

---

## BAG HOLDER

Internal Dimensions: 200 L x 65 D x 180mm H

---

## TONG AND BAG HOLDER COMBINED

Internal Dimensions:

- Bag Holder section: 200 L x 65 D x 180mm H
- Tong Holder section: 65 L x 65 D x 180mm H

---

## PIE CHUTES

These stainless steel pie chutes allows product types to be stacked in rows. They are 120mm wide and come in three depth sizes

---

## SUSHI TRAYS

Suitable for display of sushi in Cold Decks these trays can be powder-coated to colour of choice.
