

HAYMAN

Industries Limited

Manufactures of Quality Catering Equipment since 1939

142P & 143P

The Hayman 142P & 143P can be used on a bench top or an optional modular stand, made of easy to clean Stainless steel.

Insulated tank walls and a heat retaining flip down lid help conserve power.

Both models are supplied with two deep fryer baskets or an optional donut tray is available.
