

New Product Range

“A robust hand hygiene programme should be supported by a reliable and effective range of handcare to manage microbe and germ control.”

To ensure that all situations are covered, our comprehensive range of ready-to-use dispensers and pouches is ideal for a wide range of applications - even when water is not easily accessible.

**Foaming Soap**  
For food process and food service sector.

**Hand Sanitiser**  
General handwashing. Quick evaporating option for non-water applications.

**Anti-Bacterial Soap**  
Antibacterial agents helping to reduce pathogens.

New Product Range

▶ **LONGER LASTING**

The larger 1000ml pouch requires less restocking than the usual 800ml size.

- **Sanitiser** ➔ 1666\* doses per pouch
- **Foaming Soap** ➔ 2500\* doses per pouch

▶ **COLOUR CODING**

Each option easily identified, especially when dispensers are mounted side by side.

▶ **NO SUBSTITUTES**

Our dispensers and pouches are designed specifically for each other.

▶ **EASY POUCH REPLACEMENT**

No tools required, simply follow the guidelines on each pouch.

▶ **DOSE MANAGEMENT**

An adjustable selector.

- **Sanitiser** ➔ 0.6ml or 0.9ml
- **Foaming Soap** ➔ 0.4ml or 0.9ml

\*These results are from our inhouse testing and are dependent on the selected dose.

**ECO FOAMING SOAP**

Foaming Soap

**ECO HAND SANITISER**

Sanitising Hand Gel

**ECO ANTI-BACTERIAL SOAP**

Antimicrobial Foaming Hand Soap
