122 kg  
40 kg bin

AF 156

150 kg  
60 kg bin

AF 206

200 kg  
60 kg bin

## HIGHLIGHTS

- Agion: the technology that makes products cleaner and longer lasting with built-in protection working 24/7 to resist the growth of microbes and the development of unpleasant odors.
- Clean alert: advises with a blink when it's time to clean the filter (except AF80 and AF103).
- Electronic control: ambient and water temperatures may change throughout the years but your ice machine will stay the same.
- Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer (except AF80 and AF103).
- Water in / ice out concept (no cycles, zero water wastage): limits to almost zero excess energy, water and time wastage.
- Ergonomic access to ice with sliding disappearing door: one-touch door lift, makes barman's life significantly easier.
- PWD - Progressive Water Discharge: pumps excess residual water up to a distance of 15 meters (optional).

## Flake ice

The talented one

# AF SERIES

Ice in its most natural shape.  
it is made at a temperature just below 0°C.  
Highly versatile and suitable for multiple applications:  
fish display counters, buffet display,  
frozen drinks preparation as well as  
fast chilling of wine & champagne buckets.

25% residual water content.

**Flake Ice**

Residual water content 25%
