

# ECO BIO-ENZYME TOILET BLOCKETTES

Cleaner and Deodoriser

Microbial cleaning technology that sanitises and deodorises urinals and troughs, removing offensive odour problems and cleaning drains and blocked piping. Each Blockette contains naturally occurring, non-pathogenic microbes with bio-enzymes to break down waste and uric salt build-up that constricts drainage flow.

## DIRECTIONS

Place one block in each urinal, or one every 50cm in trough urinals. Replace when the block has dissolved to maintain ongoing efficiency.

160 x 25gram blocks in every 4kg pail.

## PROPERTIES

Appearance	Solid Off-white
Fragrance	Citrus
MPI Approved	C32

• keeps drains odour free

• fast acting biological process

• for all types of urinals

The EcoWise brand provides exceptional user and environmental benefits such as:

- minimising packaging, waste & environmental harm
- independent formula & system credentials
- out of this world product performance
