

ERGO LINE (GN 1/1) 🍥 Duo - Heating Fan - Heating Fan \$\$\$

Superb Insulation Values

✓ TapSlam[®] - Push to open functionality

ScanBox Ergo Line - Duo - Heating Fan is a range of products suited perfectly for any commercial kitchen operation requiring hot holding or transport capacity. Designed with two fully seperated box compartments in a side by side configuration. Intuitive controls, ergonomic design and a wide range of different sizes and accessories will gurantee a perfect match with your operation. Designed with ScanBox latest Environmental Performance (ExP) technology combining increased performance with a decreased environmental impact. Designed to fit equally well back of house as well as front of house allowing exterior branding options.

Two boxes positioned side by side, equipped with a fan heating system that provides an exact and even heat distribution. The heater is safely positioned in the back of the unit where also the power olug is located. Adjustable temperature and moisture ventilation allows you to be in control of food quality. Heat up time approximately 25 minutes with quick heat recovery in case of frequent door openings. Capacity Equipped with detachable stainless steel racks allowing the air to circulate freely inside the cavity. The <i>u</i> -shaped guides has a tilt-stop function securing the foodcontainer and lid during loading, unloading and transport. Variety of sizes and rack configurations allowing optimal usage of the box. Mobility Lightweight, yet heavy duty. A solid design made for all types transports including truck. Equiped with non-marking, high quality double bearing castors for easy manouverability even in cramped spaces. Precision moulded PPE insulation assures food temperature and safety when the box is not plugged nto power. Ease of Use Equipped with an intuitive and easy to use display conviniently positioned in front top of unit.
