

ERGO LINE (GN 1/1)

Combo - Neutral - Heating Static

- ✓ **Combine Two Boxes in One**
- ✓ **Superb Insulation Values**
- ✓ **TapSlam® - Push to open functionality**

ScanBox Ergo Line - Combo - Neutral - Heating - Static is a range of products suited perfectly for any commercial kitchen operation requiring hot and cold holding or transport capacity. Designed with two fully separated box compartments stacked on each other. Intuitive controls, ergonomic design and a wide range of different sizes and accessories will guarantee a perfect match with your operation. Designed with ScanBox latest Environmental Performance (ExP) technology combining increased performance with a decreased environmental impact. Designed to fit equally well back of house as well as front of house allowing exterior branding options.

Function

Two boxes in a stacked combination. One well insulated Neutral box and one statically heated system that provides a gentle heat throughout the box through natural convection. Adjustable temperature setting and moisture ventilation gets you in control of food quality. Heat up time approximately 45 minutes. Neutral box can be equipped with cooling plates to prolong temperature retention. For

Standard Equipment Options

Backmounted Heating	International Plugs
Adjustable Temperature	
Adjustable Moisture Vent	
European Plug Type	

Capacity

Equipped with detachable stainless steel racks allowing the air to circulate freely inside the cavity. The u-shaped guides has a tilt-stop function securing the food container and lid during loading, unloading and transport. Variety of sizes and rack configurations allowing optimal usage of the box.

Standard Equipment Options

GN 1/1 80 mm distance	Optional level distance
Detachable Racks	
Tilt-Stop Function	

Mobility

Lightweight, yet heavy duty. A solid design made for all types transports including truck. Equipped with non-marking, high quality double bearing castors for easy maneuverability even in cramped spaces. Precision moulded PPE insulation assures food temperature and safety when the box is not plugged into power.

Standard Equipment Options

Ø160 mm Castors	Optional Sized Castors
Transport Handles *4	Stainless Steel Castors
	XC Castors
	Tow Bars

Ease of Use

Equipped with an intuitive and easy to use display conveniently positioned in front top of unit. Standard equipped with TapSlam®, a push to open functionality which makes it possible to open and close the door in a single movement All-around top frame allows easy handling facing the unit from any direction. The 4,5 meter long single phase spiral cord is positioned on the back of the unit.

Standard Equipment Options

TapSlam® door lock	Sight window
Digital Controller in Front	Excenter lock
	Central brake system
	Tray holder foldable

Construction

A heavy duty yet lightweight construction based on a stainless steel framing, reinforced plastic exterior panels, solid high precision moulded polyurethane foam insulation and anodized aluminium interior. A smooth, hygienic and fully sealed inner cavity without welds or rivets. The frame, top hood and handles are in robust stainless steel.

Standard Equipment Options

Smooth Hygienic Cavity
S/S Framing
Extra loading space on top

Exterior Design

Robust and elegant Scandinavian design made for both back of house as well as front of house operations. Possibility to choose different colours as well as adapting parts or the full box according to corporate branding. Use the design and let the box be a part of the full F&B experience.

Standard Equipment Options

Black Glossy Finish	Optional colors
Black (RAL 9005)	Signature concept

Product Safety

High quality product Made in Sweden with high level of engineering details to performance, safety and easy of use. Thorough quality and safety testing through external third party. CE marked with complimentary EMC, RoHS, REACH and electrical safety testing.
