

Turbo Destainer

CONCENTRATED LIQUID CHLORINE BLEACH

Turbo Destainer is a high purity stabilized hypochlorite-based stain remover designed for compatibility with the Textile Care automatic liquid injection supply systems. **Turbo Destainer** acts upon any oxidizable soil. It works most effectively when temperature and pH conditions are controlled in the proper ranges. **Turbo Destainer** can be incorporated into a single operation or a combination of operations to minimize formula time and maximise stain removal. For best results, **Turbo Destainer** should be used with **Turbo Detergent**, **Boost** or **Revive** for better stain penetration.

- ▲ **CLEANER** –High bleaching power on any oxidizable stain
- ▲ **SAFER** –Automatically dispensed for safer staff
- ▲ **HEALTHIER** –Help sanitization of linen through the laundering process

USE INSTRUCTIONS

Turbo Destainer should be used in a properly designed wash formula, in commercial or professional washers, to meet specific needs. Recommendations may vary depending on fabrics, water conditions, machine type etc.

Use rate and batch conditions are key for maintaining a low tensile strength loss.

Contact your Textile Care Laundry Efficiency Specialist for specific use recommendations.

SPECIAL NOTES/INFORMATION

For professional use only

SAFETY INFORMATION

Keep out of reach of children. Wear suitable protecting clothing, gloves and safety glasses when handling the product.

Do not mix with anything but water. Consult your Ecolab Specialist for specific use directions and MSDS/SDS.

STORAGE CONDITIONS

Keep container tightly closed. Keep container in a cool, well-ventilated area. Keep away from incompatibles such as acids.
