

## Product Information Sheet

# ECO GREASE STRIPPER

Non-Caustic, Non-Toxic Cooking Grease Remover

A high-performance grease removal solution, formulated specifically for professional kitchens in the hospitality industry. Its robust formula effortlessly lifts and removes heavy cooking grease, making it ideal for daily maintenance or deep-cleaning routines. This powerful yet non-toxic cleaner delivers unparalleled performance on a variety of surfaces, including stovetops, countertops, and vent hoods.

### DIRECTIONS

Pre-clean the surface to remove loose debris. Spray generously onto the affected area. Allow the product to dwell for 1-3 minutes, ensuring it remains wet. Wipe away grease using a damp cloth or scrub for tough residues. Rinse thoroughly with potable water and dry as needed. If stubborn grease remains, repeat the process.

\*For painted surfaces do a patch test before use to make sure the paint won't be removed.

Make sure to wear appropriate personal protection equipment (PPE), see label under SAFETY.

### PROPERTIES

|              |              |
|--------------|--------------|
| Appearance   | Colourless   |
| Fragrance    | No Fragrance |
