

## Jet Dry

Economical rinse additive and drying agent for use in dishmachines. Special combination of surfactants makes rinse water “sheet off” dishware, delivering spotless glassware and silverware. Automatically dispensed into the final rinse section of your dishmachine. So your dispensing rate is accurate and reliable; gives you best results for the lowest use cost.

Sparkling  
spot-free results

Light-weight for  
easy handling

Rinse water sheets  
off dishware

One pass results

Fast drying  
action

Automatic  
dispensing is easy  
& economical

Save time with  
no waiting period  
for evaporation

Suitable for all  
dishmachines

CLEANER. SAFER. HEALTHIER

# Jet Dry

## Use Instructions

Your Ecolab Specialist will install an appropriate dispenser and adjust it to automatically dispense the correct amount of product for your dishmachine and water conditions. When the Jet Dry container is empty, load a new container by removing the pick-up tube from the old container and placing it in the new container.

## Safety Information

Before using this or any other product, make sure your employees read and understand the product label and Safety Data Sheet—both contain appropriate Hazard Warnings and First Aid Instructions. For service and additional information 24/7 call 1800 022 002.
