LIQUID ACIDIC TOILET CLEANER  
DISINFECTANT / DEODORISER

- KEMSAN thoroughly cleans, deodorises and disinfects in one operation an area critical to public health: the toilet bowl, seat, flush handle and urinal.
- KEMSAN's 3 in 1 action:
  - Cleans - By removing occupational soil including faecal matter, slime, uric encrustation, rust stains and algae from toilet bowls and urinals.
  - Deodorises - By removing odour producing bacteria and decomposing matter.
  - Disinfects - Incorporates a quaternary germicide that kills a wide range of pathogenic organisms, which harbour in concealed places as well as around the immediate toilet bowl area.
- KEMSAN possesses a phenol co-efficient of 9 (A.O.A.C. use dilution test).

# KEMSAN

## PRODUCT PROPERTIES

Form = Liquid  
Colour = Blue

## USE DIRECTIONS:

Use **KEMSAN** undiluted. Invert bottle and direct stream of **KEMSAN** underneath an all around toilet bowl rim where most serious contamination occurs. **KEMSAN** will flow under water level, use this solution to mop down toilet seat and lid, outlet pipe etc. Wipe seat dry. Flush toilet.

## URINALS:

Flush urinal. Swab all areas with **KEMSAN**. If stainless steel, flush immediately.

## WARNING:

Excessive use in stainless steel could cause pitting – occasional use and thorough flushing with water is quite safe.

**SAFETY:** This product contains acid.

## FIRST AID

**Swallowing:** Do NOT induce vomiting. Rinse out mouth with plenty of water after which, if victim is conscious, give large amounts of water or milk to drink. Seek medical attention.

**Eyes:** Immediately hold open and wash with water for at least 15 minutes. Seek medical attention.

**Skin:** Remove contaminated clothing. Wash all affected areas with plenty of soap and water.

**Inhaled:** If mist or spray is inhaled, remove victim to fresh air and treat as for swallowing.

**KEEP OUT OF REACH OF CHILDREN**

**MAF APPROVED FOR MEAT, FISH AND GAME PREMISES.**
