Specifications for Food Contact Approval

We have documentation on file which allows us to confirm that the materials used in the ongoing manufacturing of the product in this document comply with the requirements as specified, and as such are suitable for the use in direct food contact.

- Meets American Food and Drug Administration Regulations Title 21 Code of Federal Regulations FDA Part 177.1520
- Meet the requirements of the Commission Regulation (EU) No 10/2011

All information supplied by us is given in good faith and, to the best of our knowledge, true and correct at the time of releasing this information. We can however not be held responsible for damage, loss or liability claims incurred by customers using products which we supply.

Yours Faithfully

Graeme Wilson
Business Unit Manager
