

The ultimate one-stop solution. An impressive combination multideck with drinks well cabinet that combines all possibilities for displaying food (chilled, heated and/or ambient) and beverages in one wheel-in unit.

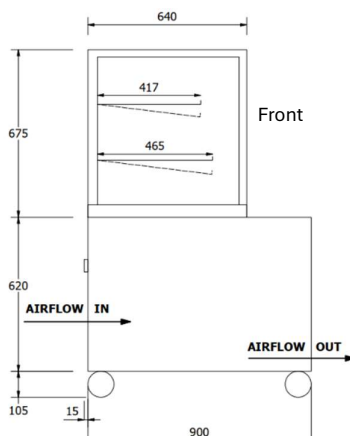

4° C operating temperature

Climate Class 3M1 (25° C/60% RH)

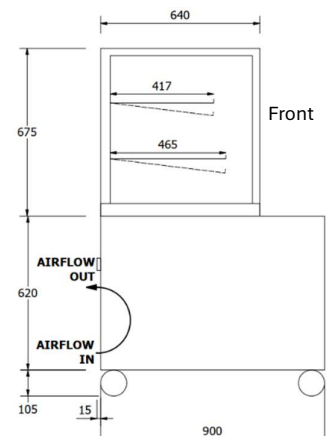

MC15

SIDE VIEW

MC12 & MC15

MC18, MC21 & MC24

STANDARD FEATURES

- › Bottom open section for beverages, spanning cabinet length
- › Top closed section standard as chilled. Can be customised to be heated or ambient; or a combination of two or three temperature classes
- › Minimalist cabinet framing system (less frame/more glass) that maximises the visibility of displayed food
- › Chrome wire shelving system that is height adjustable in 25mm increments and interchangeable between horizontal and tilted positions. MC21 unit comes with glass shelving only.
- › Refrigeration optimised to provide a high humidity environment that maintains food quality for longer
- › **DuraCoat** system providing a protective coating over the refrigeration coil to prevent food acid corrosion
- › Intelligent defrost system that minimises defrost time and maximises refrigeration operating time
- › **SureVap** self-evaporating system for condensate—no drain required
- › **SlimLED** under-shelf LED strip lighting with 12V safety
- › Mounted on swivel and lockable castors allowing easy movement of cabinet
- › Top section: rear sliding double-glazed doors on friction-free, low wear tracks (doors are removable for cleaning)
- › **MC12** and **MC15** models vent from rear to front. When pushed forward against a wall, venting in wall is required.
- › **MC18**, **MC21** and **MC24** models vent fully to rear
