

IMPROVING THE QUALITY OF RESIDENT CARE

Providing the best care for residents is both rewarding and challenging for Aged Care providers. This includes ensuring their meals are enjoyable and healthy regardless of their varying needs.

The newest edition of the Southern Hospitality Aged Care Brochure is packed full of exciting products to inspire you. With the changing preferences of residents in dining, recreation and the need for socialisation, a new approach is changing the landscape of many villages and care homes. Changes include a focus on expanded cleanliness and sanitation efforts, functional and stylish tableware pieces and offering restaurant-style menus that caters to all dietary requirements.

ACCOLADE Senior Range

There's no doubt that colour on crockery is important for residents with eating disorders, due to failing eyesight or anxiety issues. Studies have confirmed that the colour red can help overcome these problems and encourage appetite. Our new Accolade Senior range, with a red outer rim band on our white Accolade super grade vitrified crockery, is the right solution.

- Alumina-rich body with increased strength
- Heat retention without crazing or dulling
 - Chip resistant and long lasting
- Light weight and slim profile for reduced storage space

Create a sense of elevated dining experience

A. Senior 16cm Cereal Bowl (CA032) B. Senior 18cm Plate (CA030)
C. Senior 23cm Plate (CA031) D. Senior 300ml Mug (CA033)

BARALEE
Ruby Red Sand

- Fine edge but chip resistant
- Commercial porcelain made in Thailand
- Glaze has a textured finish

Ideal for people with limited hand control

Sure Grip Cutlery

Our Sure Grip cutlery range is ideal for people with limited hand control, Parkinson's disease or spasticity. The weight in the built-up handle provides more control so that the utensil reaches the mouth easier.

- Stainless steel utensils • Dishwasher safe
- Each cutlery piece features a special twist built into the metal shaft that allows it to be bent for either right or left handed use
- The angled rocker knife requires only minimal arm strength for cutting
 - Soft rubber handles won't slip, even when wet
- The large handle is helpful for people with weak grasp or limited hand coordination

A. Rocker Knife-Not Bendable (CUT284)
B. Bendable Fork (CUT285)
C. Bendable Spoon (CUT286)
D. Bendable Teaspoon (CUT287)
E. Knife with Serrated Edge-Not Bendable (CUT288)

Storage

Well organised storage spaces can help keep food safe and even save you money. Knowing what's in your cupboard makes stock rotation easier.

TONON

The TONON EKO FIT shelving range has been designed for damp and corrosive environments, combining anodised aluminium frames and traverses with polyethylene slats. It is recommended for all areas of food service including walk-in chillers, walk-in freezers and dry goods areas.

KEY FEATURES:

- Shelves are easy to adjust and have easy to clean removable slats that fit in your dishwasher or sink
- Slats are manufactured from polyethylene
- Posts/traverses are manufactured from high strength anodised aluminium which make them very strong and resistant to corrosion
- Certified load capacities: 110–250kg per shelf
- Meets NSF and NF international hygiene standards

4 Tier Shelving

- 1220 x 450 x 1700mmH SHT4
- 1220 x 600 x 1700mmH SHT5
- 1520 x 600 x 1700mmH SHT7
- 1820 x 450 x 1700mmH SHT8

Restaurant Style Menus

Allow your residents to choose from a menu. The menu should also include several texture-modified meals for those on pureed diets to choose from.

A high standard in Food Safety

All prepared food should be labelled and marked with an expiration date.

DW1 DW2 DW3 DW4 DW5 DW6 DW7

Day dot labels are ideal to maintain good stock rotation. The labels can be used on metal, glass, or plastic, and work well in a temperature range of -40° to 160°C. Labels remove easily and cleanly leaving no sticky residue. Remove before washing.
