## PASSIONATE ABOUT FOOD

Accolade—from the famous porcelain manufacturing region of Thailand, for over 50 years our factory has produced an alumina-rich body for increased strength, chip resistance and long lasting. The high use flatware plates and bowls are pin fired resulting in a fully glazed under body which reduces scratching and abrasion during everyday use and storage. All plates are lightweight and have a slim attractive profile.

This range satisfies a wide variety of uses from the Classic styles designed for banqueting and functions through to the contemporary and fine dining options of Soto and Vibe.

CLASSIC offers style and elegance with hidden strength for lasting durability. Classic provides the perfect blank canvas upon which to create a culinary masterpiece. Offering simplicity and elegance to suit any cuisine or interior decor, its deep bowls and wide rims will enhance food presentation and delight the discerning diner. As with all Accolade tableware, it mixes perfectly with items from our ranges to offer inspirational yet economical solutions.
