METAL FOOD PANS

Code	Description
------	-------------

Heavy Duty Steam Pans

- Heavy duty 20 gauge
- 1mm thick stainless steel
- Anti-jamming design, full stacking shoulders helps prevent jamming during storage
- Double reinforced corners giving extra support and increased strength to resist rim warping

1/1 Steam Pans

HJ3	30mm
HJ4	65mm
HJ1	100mm
HJ2	150mm

1/2 Steam Pans

HJ7	65mm
HJ5	100mm
HJ6	150mm

Metal

HJ15 1/1, 20mm, nonstick coating

HJ16 1/1, 65mm, enamel coating

HJ48 1/2, 65mm, enamel coating

POLYCARBONATE FOOD PANS

Code	Description
------	-------------

- Anti jam type
- Pans suitable for temperatures –40°C to 150°C
- Marked with: date of manufacture, model code, temperature range

Clear Polycarbonate Food Pans

WHY SUPPORT US?

We support local business. We have the largest range of stock, in stock.
 Our teams are highly experienced and will deliver on time to budget.
 We value our customers and go out of our way to ensure good outcomes.
 We employ people in locations across the country and feel investing throughout New Zealand helps us to provide the best service whilst contributing to our local economy.

PURPOSE

Shaping the future of hospitality together.

VISION

To be a world class company.

We have been supporting local manufacturing for over 30 years.
 Some of the NZ manufactured brands we represent are:

These are our key brands of cooking equipment and all of these brands are manufactured by Moffat right here in Christchurch. Moffat have permanently located their manufacturing facility here in NZ, this investment in local infrastructure and support provides a whole other level of value to our NZ market.

With a focus on manufacturing high quality stainless steel for commercial kitchens, the Project Stainless factories offer everything from work benches, sink benches to shelving. Everything they provide us is manufactured right here in either Christchurch, Wellington or Auckland. The factories employ local tradesmen in our three strategic locations.

Manufactured in New Zealand for 40 years, Starline Dishwashers are engineered specifically for New Zealand conditions. Although Washtech have a significant export market they continue to invest in its Auckland based manufacturing facility, employing New Zealanders and doing their part to keep local manufacturing alive and strong.
